

The High Performing Dental Team

Team members demonstrating loyalty, who are committed to the practice, and are motivated to achieve results, are part of the team-oriented staff needed in today's practice environment.

The High Performing Dental Team Workshop empowers the entire team to excel with the ability and willingness to deliver excellence in care.

In this workshop you and your team members will learn:

- How to create a high performing team
- The “stages” of teamwork and how it affects patient care
- Team communication skills and how to resolve conflict effectively
- How to work with four different generational styles
- Your behavioral style and how it contributes to teamwork

This is an energized and enthusiastic workshop designed especially for any exceptional dental team desiring growth and increased teamwork!
