

Top 5 Challenges Facing Successful Dental Practices Today

To achieve practice and professional success in today's tough economic dental environment, you need to implement winning strategies and direction. Discover how to overcome the challenges in your practice and be able to make positive changes for future growth and stability.

You will learn how to:

- Attracting and retain quality and committed team members
- Improve team motivation and leadership skills
- Determine if PPO's are right for your practice
- Keeping the schedule full, productive and stress-free
- Evaluate your internal, external and advertising marketing program

To help you “sharpen the saw”, join Amy Kirsch in this highly interactive workshop to uncover your practice’s strengths and weaknesses.
